

Registration & Enrollment

Ridge Kids Playcare operates with a waitlist via Lillio, families are contacted once spaces become available. Waitlists do not include children of an Educator or siblings of children currently enrolled. Children on the waitlist requiring full time, full day care will be prioritized over families requiring flexible childcare.

Once a space becomes available and families are contacted, they are invited to attend a meet & greet at the program, with their child. This provides the child an opportunity to connect and ensure the most success in transitions. It also provides parents and providers to ensure it is a good fit for everyone involved. The meet and greet is a complete tour of the facility and introductions to current Educators in each classroom.

Once the meet & greet has been completed, the family can determine if they would like to proceed with enrollment and inform the program of their decision. If the space is available and a good fit, the program will release registration documents via Lillio. All children must have a completed Registration Package & consents prior to beginning care, this includes a deposit paid in full. If documentation and deposit are not paid within a week of documents being released, the childcare spot will be given to the next family on the waitlist.

A child is not registered until payment is scheduled (banking information is completed for upcoming EFT) or fees are paid in full for current month. Changes to registrations may be accommodated, pending availability, provided 30 day written notice is provided.
