Visit Summary (Details of inspection findings, if applicable include non-compliances and enforcement action issued)

Child Care Licensing Officer, Mandy Cunningham attended the program on April 27, 2026, to verify compliance with the safety plan that was developed and implemented as part of an incident that the program self reported to Child Care Connect. Licensing initially monitored a safety plan that was put in place as a precautionary measure due to the self-reported incident. Upon receipt of further information, it was determined that a safety plan was not necessary.

The childcare licensing investigation is now closed.

Thank you for your time.

According to Section 9(b), the licence holder must post in a clearly visible and prominent place on the premises where a licensed child care program is being provided.
