

Schedule

Ridge Kids Playcare priority is to ensure the safety and well-being of the children in our program, which includes ensuring that the schedule relates directly to children/educator ratio, per Alberta Child Care Licensing Standards. While we recognize and empathize with family dynamics and respect the time of each Educator, decisions are made based on needs of the program.

Each Educator is hired for a specific job role that outlines their shift however, Educators shifts and/or classrooms can be adjusted at any time, as needed by the Director/License Holder, to ensure the required ratios for all classrooms.

Per the Job Description, Educators are expected to be in the classroom and ready to be in ratio at the time of their shift start, until the end of their shift, unless otherwise directed. Breaks will be covered per Alberta Labour Standards.

Time away from the program is outlined in the Time Off Request Policy.
